

# Team Meetings

**Date:** Jan 11

**Attendees:**

Daven

Ali

David

**Absent:**

## 1. Project

### Progress

- Daven: Zero progress made this week as it's the first week back since winter holidays. Still aiming to figure out which map api to use and how to integrate into the site.
- Ali: No progress made this week, first meeting on friday.
  - David : outside learning material

### Blockers + Surprises .

- Daven: For me, getting back into all my classes starting at once while also trying to figure out where I left off in the project has caused a rocky start.
- Ali: My old code is confusing, I need to look at making it more readable.
  - Stack is new and code base is confusing

## 2. Learning Activity

Daven: nothing

Ali: nothing

## 3. Plan

### Task for this week:

- Daven: nothing
- Have a meeting with a client, have a separate meeting afterwards to talk about our plan.

### Learning activities proposed for this week:

1. Daven: submit progress report to client, confirm with client team is on the right track, and narrow down maps api.

### Goals for the next milestone:

1. Daven: Have a map load on the site page with location markers.

2. Ali: Data validation and security bug fixing
3. David :
