

Presentation Plan Brainstorm

Mohamad Agha:

- Admin page/panel:
 - Admin should have the ability to do multiple tasks including:
 - Add new users
 - Delete current users/healers
 - Edit current user profiles/details
 - Additional functionality for the admin page will be discussed later on.
- Other potential additions:
 - Paypal payment option:
Client wants different currency compatibility, paypal would be an easy and convenient addition.
- More design changes.
- Data validation and debugging.
